A tale of two totally normal, completely damaged families in a world of corrupt businesses, inept local politicians, bungling criminals, and unfortunate leisurewear. We follow the fortunes of two neighbors on the point of collapse: a Mormon hit man and a gambling-addict lawyer, both intertwined in a real-estate deal gone wrong. Mix in a Mexican beauty queen on the run from her past, two escaped convicts in love, a Wall Street billionaire who has become a cowboy, and a maniac hell-bent on revenge. American culture has become a war about real estate, violence, and snake oil.

From the tax avoiders in the manicured wilderness of Wyoming to the thought police of liberal Brooklyn to the confused political and environmental battlegrounds of Florida, one thing is certain: this tragedy is someone else's fault.

- **New comic book series from the head writer and creative team of *Grand Theft Auto* and *Red Dead Redemption*!**
- **A brutal satire that reflects on our current political nightmare.**
- **Ongoing series.**

Every day, the intelligence agents of the Circus are enmeshed in high-stakes, high-wire acts that the average citizen would never notice. They protect Britain's most sensitive secrets—and in modern Britain, secrets are everything. At the head of it all is Control: the all-powerful puppet master who decides who goes where, who does what, and sometimes, of necessity, who lives and who dies. But now, Control has vanished.

He doesn't show up at the office. He misses his meetings. He won't—or can't—answer his phone. He is, simply, nowhere. Control's assistant Maggie is the only one who knows he's gone, and with a critical mission blown in Berlin, the clock is ticking. Maggie knows every protocol, every password, and every operative—but whether something has happened to Control or whether this is part of his plan, she has no idea. Either way, she can't trust anyone with the knowledge of his absence. Can she even trust him?

Secrets within the Circus have a way of coming unraveled, and Maggie will have to act fast . . . or risk the walls tumbling down around her.

Sin manifests into bloodlust in this graphic novel adaptation of Andrzej Sapkowski's original short story.

Geralt pursues a proclamation from a king of a bloodthirsty monster plaguing his palace. A hefty reward is offered to cure the beast, but not to kill it, for the king holds a secret—what lies beneath the palace is beyond the spawn of evil. Tried and failed by charlatans, Geralt sets out to claim the bounty—by decree of the king or by the pleas of those who wish the creature dead.

This graphic novel is the fourth in a series of adaptations from Sapkowski's acclaimed short story collection *The Last Wish*!

Continues the story beyond the end of the Eizouken anime!

Kanamori may love making money—but no matter the price, she's not going to sell out Eizouken's creative vision!

It was the trailer they made for *Clutch that Machete with Strength!* that convinced Sowande, the strong-willed secretary of the Student Council, to approve Eizouken as a campus club at Shibahama High. But Sowande has warned Eizouken all along that if they try to win an audience for their anime outside the school, they risk a collision between their creative freedom as amateur students, and the grown-up world of media and politicians.
